

STOP THE BRIDGE

STOP TRAFFIC CHAOS

Irish Rail plan to close the Level Crossings at Coolmine, Porterstown and Clonsilla, replacing them with a new flyover road bridge which will take traffic through Riverwood Court and cause congestion in surrounding estates

WE SAY:

YES to the electrification of the Maynooth rail line

YES to improved public transport

NO to traffic chaos in the Carpenterstown area

NO to destroying our environment

- The proposed bridge will become a main road and increase **traffic congestion**. It will make it difficult for all of us to enter and exit our estates, making local car journeys lengthier and more complicated
- The proposed road bridge will be 14m high (45ft) and 15m wide (49ft). It will be **visually obtrusive**, increase **noise and air pollution**, **damage the environment** and have a **harmful impact on living conditions** in the area
- The proposed road bridge will **destroy green areas** that are vital for our mental and physical wellbeing
- Closing the level crossings will create dead-ends that encourage **crime and antisocial behaviour**, impacting rail passengers and residents in affected areas

We are asking Irish Rail for more time, more information and better options for Coolmine Level Crossing

Please help by asking everyone in your household to make a submission to Irish Rail objecting to the proposed road bridge before the deadline of 21 October by emailing DARTMaynooth@irishrail.ie

You can download our app to help you generate your email submission to Irish Rail using this QR code:

For more information on Irish Rail's plans and a 'how to' video to help you use the submission app, please visit the Riverwood Residents Association website at: <https://www.riverwoodres.com/proposed-bridge>

If you need help making a submission, email riverwoodres@yahoo.ie

If you have already made a submission to Irish Rail, please consider making submissions to Fingal County Council about the Kellystown LAP and Kellystown Road Scheme which both assume Irish Rail's plans for a road bridge at Riverwood/Stationcourt will go ahead as planned.

Visit the Riverwood Residents Association website for more information and ideas for submissions.

- Expected Traffic Distribution via Proposed Bridge - - - - -
- Coolmine Level Crossing Closed:
No vehicular access from Coolmine Rd to Carpenterstown Rd ●
- Proposed Road Bridge Through Riverwood Estate ↕
- Additional traffic due to proposed closure of Clonsilla and Porterstown level crossing and additional housing developments in Kellystown ★

In order to help with our efforts, we are canvassing all Dublin West Members of the Oireachtas and Minister Eamon Ryan in order to seek their assistance and support to ensure we are offered “More Time, More Information and Better Options” from Irish Rail. We encourage you to do the same to facilitate a more collaborative and community centric consultation process.
